Smart Gear®

Cool Products for Smart Kids
Smart Products for Cool Kids

Smart Gear designs, develops, manufactures and distributes eco friendly, award winning, fun, innovative and educational products for children age birth and up. Our product range includes: Balance Bikes, Rockers, Ride-Ons, Walkers, Blocks, Sorters, Stackers, Teething Toys, Push & Pull Toys, Mini Vehicles, Pretend Play, Furniture, Nursery, 3D Pens and more!

OUR BRANDS:

- **Smart Gear:** Two brothers with a combined 50 years experience in consumer products dedicated to develop award-winning, innovative and classic toys that intertwine educational value with play value with a curated collection of products for children age birth and up.

- **Wonderworld:** Since 1985 this family owned company has been manufacturing classically designed wooden toys in Thailand the same way, with the love and attention to detail and the social responsibility to preserve and protect our environment that shows in each and every toy.

- **PonyCycle:** In 1995 Mr. Nie developed a mechanical horse for his grandson according to the prototype of the wooden ox of the Three Kingdoms. From there the magical PonyCycle was born.

- **mömbella:** Created by a young father dedicated to find the perfect toy for his teething baby. Mission: With love and care, we make soft, safe teether toys for babies to make their early childhood healthy and happy.

Smart Gear is a strong advocate of protecting the environment. We take great pride in bringing award winning, safe, fun and educational products to children around the world.

We are committed to the highest standard of safety & quality for all of our products and packaging. Our products meet or exceed the highest levels of safety and quality for United States (ASTM-F963 and CPSC) and European (EN-71) standards. Both of which are the two international standards that constitute the basis of most international toy standards. Throughout the entire production phase, we rigorously test all of our products for compliance under these regulations and standards, utilizing factory testing facilities as well as independent and internationally recognized testing laboratories. We have been and will continue to be proactive in the testing of our products.

We believe and practice in Corporate Social Responsibility (CSR). Our practice is based on 7 common concepts:

1. Corporate Governance
2. Labor Standards
3. Human Rights
5. Fair Trade
6. Environmental Care
7. Social Giving
